EDUCATION

School of Technology, Management and Engineering, NMIMS Indore

B-Tech Computer Engineering

2026 – present

CGPA/Percentage: 3.13/4

Ekayanaa School, Indore

Class XII

2023

CGPA/Percentage: 70

Ekayanaa School, Indore

Class X

2021

Grade/Percentage: 81

TECHNICAL INTERESTS & INTERESTS

Languages: HTML, CSS, Java, MySQL, Javascript, R, C++

Libraries: NumPy, Pandas

Software's: AutoCAD, Visual Studio, Adobe Photoshop, Google Collab, Cisco Packet Tracer, Workbench, Logisim, Canva, Jupyter Notebook, Android Studio, Microsoft Excel, Unity

Concepts: Machine Learning, OOPC, OOPJ, Data Structures and Algorithms, Artificial Intelligence, Database Management, Image & Video processing, Computer Network, Software Engineering, Computer Vision, Data Extraction and Processing

EXPERIENCE

Member of the cultural club, SANGAM, NMIMS Indore

2023-2024

Leader of the technical club, TURING, NMIMS Indore

2024-2025

Data Science and Analytics Intern, IT Softlab

2025

Leader of the sports club, ALPHALETE, NMIMS Indore

2025-2026

PROJECTS

Student Grade Calculator

2024

Concepts: Java, Swing

Developed a Java-based desktop application that calculates student grades based on input marks. Designed a simple graphical user interface using Java Swing to allow users to enter marks and view calculated results instantly. Implemented input validation and grade calculation logic to ensure accurate results. The project demonstrates skills in Java programming, GUI development, and basic application logic.

Resume Screening System

2024

Concepts: PHP, MySQL

Developed a web-based resume screening system to streamline the recruitment process. Designed database tables and implemented queries to manage candidate profiles, applications, and interview feedback efficiently. Built backend functionality using PHP and integrated it with MySQL for data storage and retrieval. The project demonstrates skills in database design, backend development, and data management.

Fitness Website 2025

2024

Concepts: HTML, CSS, PHP

Developed a responsive fitness website that provides workout information and fitness resources. Implemented user login functionality and backend support for managing workout tracking and user data.

Designed the front-end using HTML and CSS for a clean and user-friendly interface. The project demonstrates skills in full-stack web development.

Fruit Ninja Game 2025

2025

Concepts: Unity, C#

Developed a 2D arcade-style game inspired by the Fruit Ninja concept where players slice fruits appearing on the screen while avoiding bombs. Implemented game mechanics such as fruit spawning, collision detection, score tracking, and increasing difficulty levels. Used Unity's game engine and C# scripting to create smooth animations and interactive gameplay. The project demonstrates skills in game development, physics interactions, and object-oriented programming.

Event Tracker App (College Event Management) 2025

2025

Concepts: Android Studio, Java, Firebase

Developed an Android application to help students track and manage college events on a single platform. Implemented user authentication and cloud-based data storage using Firebase Authentication and Realtime Database. Designed user-friendly interfaces using XML layouts and Material Design components. The app allows users to view upcoming events, register for events, and receive event updates.

CO-CURRICULAR ACTIVITIES

Participated in Hackathon, NMIMS Indore	2024
Second Runner-Up at Tech-Fiesta Hackathon, NMIMS Hyderabad	2025
Organized Technex (Turing's flagship event), NMIMS Indore	2025
Led and Coordinated Invictus by Alphalete Club	2026

ACHIEVEMENTS

Data Analytics Job Simulation, Deloitte	2025
Artificial Intelligence for all, Infosys	2025
Generative AI for All, Infosys	2025
Google Cloud Study Jams, NMIMS Indore	2025

COMMUNITY SERVICE

Social volunteer as a children (aged 3-18) at Sewa Bharti , Indore	2024
--	------

HOBBIES AND INTERESTS

Sketching, Swimming, Sports, Dancing, Cooking
