IT Softlab

2025

Technical Intern

PROJECTS

Nexora AI- Intelligent Document Assistant [In Progress]

2026

Developed Nexora AI, a RAG-based intelligent document assistant that analyses multiple PDF documents (up to 100 pages) and generates context-aware AI responses through modern, responsive dashboard.

Concepts: Retrieval-Augmented Generation (RAG), LLMs

NM Connect- College Event Discovery & Management App

2025

Developed NM Connect, an Android-based college event management app for event discovery, registration, and real-time updates. Integrated Firebase Authentication and Realtime Database for secure user management and data synchronization, while designing responsive Material Design interfaces that supported 10+ student clubs and simplified event registration.

Concepts: Java, Firebase Authentication, Firebase Realtime Database

Fruit Ninja- 2D Arcade-Style Game

2025

Developed Fruit Ninja, a 2D arcade-style game in Unity using C#, featuring fruit spawning, collision detection, scoring, and progressive difficulty. Leveraged Unity's physics engine to create smooth gameplay with responsive, real-time animations.

Concepts: C#

Fitness Website

2024

Developed a responsive fitness website providing workout information and fitness resources, with user login functionality and backend support for managing workout tracking and user data. Designed the front-end using HTML and CSS for a clean, user-friendly interface, demonstrating full-stack web development skills.

Concepts: HTML, CSS, PHP

POSITIONS OF RESPONSIBILITY

Member of the cultural club, SANGAM, NMIMS Indore

2023-2024

Leader of the technical club, TURING, NMIMS Indore
